

# Erasmus 2019

## Zevgolatio high school

ERASMUS+

*A warm hello from Greece*

**Greece is a country located in  
Southeast Europe.**

**The culture of Greece has evolved  
over thousands of years.  
Greece is the birthplace of  
Philosophy, arts and literature**

Further south, the smaller peninsula of Peloponnese is **separated** from the rest of the **Greek** mainland by the Corinthian and Saronic Gulfs

At the east north of Peloponnese is located the Korinthia region with its capital city Korinthos (78 kilometres (48 mi) west of Athens)

Corinth derives its name from Ancient Corinth, a city-state of antiquity.

**The Corinth Canal,** carrying ship traffic between the western Mediterranean Sea and the Aegean Sea, is about 4 kilometres (2.5 mi) east of the city, cutting through the Isthmus of Corinth that connects the Peloponnesian peninsula to the Greek mainland, thus effectively making the former an island.

Our school is a high school located at Zevgolatio a town west of Korinthos city

# Photos from the area around

Κιάτο Κορινθίας  
Kíato Korinθías

# Our school

Our school has about 200 students  
Some of them belong to sensitive  
social groups

# The ICT Laboratory

# Chemistry laboratory

**The vision and the moto of our school is  
equal opportunities for everyone and a  
non discriminatory school**
